**Kiosk** · [kiosk.app](https://kiosk.app) · new york, ny

freelance model designer, jan 2026–present

Kiki is an AI agent you text. At Kiosk, I'm helping the team create Kiki's personality, discover the "sticky" onboarding moments that keep users engaged, and guiding messaging from web to in the experience.

**block, cash app** · [block.xyz](https://block.xyz) · oakland, ca

principal content designer, jan 2025–present

I lead content design across core financial services, setting the standard for narrative, craft, and product experience while building bespoke AI tools and agents that accelerate how the team prototypes, writes, and ships product.

**apple** · [apple.com](https://apple.com) · cupertino, ca

contract ux writer, feb 2024–jan 2025

Led UX writing for live sports experiences across Apple Sports and Apple TV, partnering with product, design, and engineering to create fast, responsive features that advanced Apple's vision for a personalized fan experience.

**tempo** · [tempo.fit](https://tempo.fit) · san francisco, ca

staff content designer, sep 2021–jan 2024

Winner of Time Invention of the Year. I designed the conversational system and voice for an AI strength coach, shaping guidance, feedback, and motivation patterns that increased member workouts 36%.

**ebay** · [ebay.com](https://ebay.com) · san jose, ca

senior content designer, feb 2021–sep 2021

content designer, jun 2019–feb 2021

As lead content designer for buying and selling, I redefined ebay's global voice and tone and led naming and messaging systems for major trust products including Authenticity Guarantee, Collection, Price Guide, and Vault.
